MEHL BUILDING FORT WORTH, TEXAS

The Terms of This Important Sale Are as Follows:

Please read the following terms before bidding, as they are the ONLY terms upon which bids will be accepted. No exception can or will be made for ayone. I mention this because at every Sale someone ignores the Terms as here published, and misunderstandings occur. I am endeavoring to avoid this. **So please take a few moments time to read the Terms of Sale.**

All bids are entered as received and the lots allotted to the highest bidder. Where two or more highest bids for the same amount are received for the same lot (and this happens very frequently) the first bid received gets the lot. Where two or more unlimited bids are received for a certain lot, the lot is purchased for the first received. Unlimited bids are executed at an advance of five per cent (5%) over the next highest bid.

When I receive your bids, I consider myself as your agent and execute your bids at as much under your bids as the next highest bid will permit. In other words, your bids are executed for you by me just as faithfully as if you had yourself been present at the Sale.

No commission charge will be made on purchases made for you at this Sale.

All lots are sold just as cataloged. No lot is broken under any circumstances. Please be sure and bid by the number of the lot and at SO MUCH PER PIECE. As an example, if there are ten pieces in the lot and you want to make your bid $1.00 for the lot, make your bid 10c and not $1.00.

I guarantee all coins and notes to be genuine unless otherwise described or stated in the Catalog. **But all claims of any nature or for any reason must be made within thirty days from date of Sale.** My guarantee means something to you. Please remember that there are fifty years of proven successful numismatic experience and ample financial responsibility back of my guarantee.

NOTICE TO NEW BIDDERS: Buying coins at auction is not the same as receiving coins on approval. The coins are bought for you on your order and you are, of course, expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid on the correct lot you desire and at **SO MUCH PER PIECE.**

PLEASE NOTE: Parties unknown to me and who have not had any previous credit established, or do not have a financial rating in Dun & Bradstreet, must send a deposit of at least 25% of the amount of their bids, **otherwise they cannot and will not be accepted.**

The Price List of this fine Sale will be printed on the same quality paper as the body of the catalog, and of the same page size. The Price List will show the amount each and every coin sold for. Price for this list now is only $1. But this price holds good only until date of Sale, after which the price will be $2.

All bids must be in my office on or before the date of sale. In this instance, I will appreciate if you will kindly send your bids in early. By so doing you will earn my gratitude and you may obtain a lot which you may miss by sending your bids late.

COPPER COINS of the UNITED STATES
HALF-CENTS

The coinage of Half-Cents began in 1793 and discontinued in 1857. They were minted continuously with the exception of the following years: 1798, 1799, 1801, 1812 to 1814 inclusive, 1827 and 1830. They were minted only at the Philadelphia Mint. Those minted in 1831, 1836 and 1840 to 1849 small date, are very rare.

Lot No.

1 **1793** First year of issue. Beautiful head of Liberty with Liberty cap on pole. Reverse, value and legend. Edge lettered TWO HUNDRED FOR A DOLLAR. A beautiful uncirculated specimen of our first Half-Cent. Evenly struck and perfectly centered with even medium glossy olive surface. Crosby 1-B. Rare and valuable in this beautiful condition with record well over $150.00 for similar specimens. This specimen cost $125.00 several years ago.

2 1793 Another as last, but different die variety. Crosby 1-A. Extremely fine with dark brown surface with slight steel tinge. The upper reverse edge has infinitesimal, hardly noticeable, nicks which do not detract from the attractiveness or value of the coin. Cost $75.00. Where the cost of a coin is mentioned, or where the catalog value is given, it is done so only for informative purposes. It should not be taken as limits as the coins will be sold to the highest bidder in accordance with the terms of sale as printed in this catalog which I would again suggest bidders reading before bidding.

3 1794 The so-called "large head" variety. Reverse, twelve berries in wreath. Gilbert No. 4. I doubt if this coin was ever in circulation, as it shows no evidence of it. The right obverse, however, shows some planchet defects but they are light and small. The coin is attractive with even brown surface. I classify it as about uncirculated, as I can find no evidence of circulation at all; only the slightest touch of cabinet friction. (Cost former owner $52.50.)

4 1794 The nine-berry reverse. Date fairly close. The obverse shows traces of the coin having been struck over another coin. Fine to very fine. Very scarce. Cost $25.00. Would retail for more today.

5 1794 So-called large 9 in date. Fine to very fine. Light die break through Liberty cap. Dark olive. ($22.50)

6 1795 Pole to Liberty cap; thick planchet; lettered edge. A beautiful strictly uncirculated specimen with even light brown surface with slightly red tint on reverse. A magnificent specimen, and as such, rare and valuable. Cost $85.00.

7 1795 Another as last. The planchet does not seem to be quite as thick. While I classify this coin as only extremely fine, I doubt if the coin was ever in circulation, as it shows considerable mint luster and only the highest portions show slight cabinet friction. Medium olive. This was in Mr. Rapoport's type set. He paid $40.00 for it.

Lot No.

8 1795 Thick planchet; lettered edge, but with punctuated date. A beautiful extremely fine specimen with glossy steel color. Only a shade from uncirculated. Rare and valuable so choice. Said to have cost $85.00.

9 1795 Thin planchet; plain edge. Variety with punctuated date and with pole to cap. Gilbert 4. Extremely fine; just a shade from uncirculated; nice even medium olive surface. A beautiful coin and quite rare so choice. (Valued at $30.00)

10 1795 Thin planchet. Without pole to cap. A difficult variety to find choice. This specimen is strictly extremely fine with the reverse nearly uncirculated; even glossy olive surface. Cost $36.00 several years ago and certainly worth it.

11 **1796** The rarest date of the entire series of Half-Cents. Variety with pole to cap. An evenly struck and evenly circulated specimen. The wear is evenly distributed. The coin can be classed as strictly fine for this rarity. The obverse is rather bold. The coin as a whole has a nice even olive surface. It was classified by former owner as very fine. Superior to the Atwater specimen which brought $235.00 in 1946. This coin today, at retail, should bring at least $350.00.

12 **1796** Another specimen as last, but of an entirely different die. Liberty head slightly different and the reverse is also of a slightly different die. It is the variety with pole. This coin is from the Dr. Allenburger Collection and formerly from S. H. Chapman, from whom it was purchased many, many years ago. In the Allenburger Sale, in 1948, it was cataloged as sharply struck and strictly extremely fine, nearly uncirculated; light brown surface. It brought $355.00, but in this choice condition it should be worth much more.

13 **1797 The excessively rare variety with lettered edge.** The best specimen of this rarity that I recall ever handling or seen. This may and may not mean anything, but to my way of thinking, this coin is by far more rare than the 1796 Half-Cent. Such great collections as the Dunham, Atwater, Dr. Allenburger and others did not even have a single specimen. It was purchased as very fine, and for this rarity I think it is a just classification. But to be on the safe side, I'll call the coin, as a whole, strictly fine, and on this classification there can certainly be no difference of opinion. The last specimen offered was in the Neil Collection in 1947, where a specimen not nearly as choice brought $105.00. In my opinion this particular coin today should bring nearly double that amount.

14 1797 Plain edge. Variety with 1 over 1 of date. Uncirculated, beautiful olive surface, slightly glossy. Struck over another coin, evidence of which shows on reverse. Rare so choice. Cost $30.00 several years ago. These beautiful little coins in uncirculated condition are more rare than the large cents as far fewer are known to exist.

15 1800 There is only one variety of this date Half-Cent. Nearly uncirculated, nice color. Very scarce. Catalogs $4.00 in only fine. This coin cost over $8.00.

Lot No.

16 1802 Gilbert 1. The 2 is struck over 0, as all are of this date. The former owner classified this coin as fine. I call it about fine. There is a slight nick on obverse. This is not a handsome coin, but one of the most difficult dates of the Half-Cents to find in better condition. Catalogs $50.00 in fine and has a record of $48.50 in my Atwater Sale.

17 1803 Ten berries on reverse. Uncirculated, sharp with beautiful iridescent mint red blended surface. Not a rarity, but certainly rare in this choice condition. Another early Half-Cent very difficult to find choice. Cost over $10.00 several years ago. Worth far more today. Superior to the specimen offered in the Atwater collection.

18 1804 Variety with plain 4; stems to wreath. Very scarce variety. Catalogs $10.00 in only fine. This coin was purchased as a strictly uncirculated specimen. It has almost full mint red, but it appears to me that the coin has been slightly smoothed over, but it is a very attractive coin and quite scarce so choice. Cost $15.00.

19 1804 Plain 4; stemless wreath. Practically uncirculated; glossy olive surface. Scarce so choice.

20 1804 Crosslet 4; stems to wreath. Uncirculated, even reddish brown surface. Attractive coin. Cost $5.00 several years ago.

21 1804 Crosslet 4; stemless wreath. Nearly uncirculated, olive surface. Two or three tiny pin-point spots on obverse. Still a very attractive coin.

22 1804 Crosslet 4; stems. Variety with spiked chin and protruding tongue. Uncirculated. Even light brown surface. A beautiful specimen of this unusual variety. Superior to the Atwater specimen. Cost $25.00 and certainly worth it in this beautiful condition.

23 1805 Large 5; stems to wreath. Beautiful uncirculated specimen with even light brown surface. Record $10.50.

24 1805 Small 5; stemless wreath. Practically uncirculated with even olive surface. Very scarce so choice. Superior to the Atwater specimen which brought $5.00 five years ago.

25 1806 Small 6; no stems on reverse. Gilbert No. 1. Extremely fine; just a shade from uncirculated; some original luster. Not rare, but very scarce so choice. Record about $5.00.

26 1806 The rare variety with small 6 and stems to wreath. A beautiful uncirculated specimen with iridescent light brown and olive surface nicely blended. The highest portions of obverse show just the slightest touch of cabinet friction. Not in the Atwater Sale. Only a very good specimen in the Neil Sale brought $14.50. Classed by Gilbert as Rarity 6. Extremely rare and valuable, especially so choice. Cost $35.00 several years ago.

27 1806 Large 6. Practically uncirculated with reddish brown nicely blended. Highest portions show slight cabinet friction. Very scarce so choice. (Cost $8.00)

Lot No.

28 1807 Uncirculated, mint red and iridescent. The reverse is almost full mint red. Not a rarity, but very scarce indeed in this beautiful condition. Superior to the specimen in the great Atwater Collection. An extremely fine specimen has a record of over $5.00.

29 1808 over '07. Extremely fine, sharp; strong impression. This is the identical specimen from the great Atwater Collection, sold by me in 1946. This coin, at that time, in only fine condition cataloged for $15.00. It brought then $23.00. It now catalogs $20.00, and in this beautiful condition is worth at least double.

30 1808 Perfect date. Extremely fine, just a shade from uncirculated; even glossy medium olive surface. Very scarce so choice.

31 1809 Perfect date. Uncirculated; medium reddish brown surface; evenly blended. Highest portion of cheek shows slight cabinet friction. Like all early U. S. coins, when in choice condition, it is indeed very scarce.

32 1809 over '06. Beautiful uncirculated specimen with strong impression and even frosty mint surface and light brown color. Truly a gem of this quite rare coin. As I will undoubtedly receive several inquiries as to the probable amount this coin may bring, I might say that while it is impossible to say what it will bring, I know if I had this coin in stock my price would be not less than $25.00. However, it will be sold for whatever it may bring.

33 1810 Uncirculated, even olive surface with frosty mint luster. A very scarce date in very rare condition. Superior to any offered in many important Sales. Cost $12.00 and in my humble opinion worth more today.

34 1811 Perfect die. Practically uncirculated; just the barest touch of cabinet friction. Two tiny nicks to right of date. Even brown surface. A rare date in choice condition. Catalogs $20.00 in only fine. This specimen cost $25.00 several years ago.

35 1811 The rare variety with die break on left obverse edge connecting four stars and edge. Very good. Rare. Said to have cost $20.00.

36 1825 Curl over 25 of date. G. 1. Beautiful uncirculated specimen. Light olive, frosty mint surface. According to the notation, the former owner paid $12.00 for this coin, which I think is a little excessive.

37 1825 Curl directly over 5. G. 2. Rarity 3. Uncirculated. A slight die depression at third star from left. Light olive. Quite scarce.

38 1826 G. 1. High leaf past S. Uncirculated with some semi-proof surface. Beautiful color. Traces of original mint red. Truly a gem coin. Cost $5.00 several years ago.

39 1828 The twelve-star variety. Beautiful uncirculated specimen with frosty mint light brown surface. Very scarce so choice. According to the memo on this coin, it cost $9.00.

Lot No.

40 1828 Thirteen stars. Variety with high leaf ending directly even with S. G. 2. Brilliant uncirculated. Lustrous light olive.

41 1829 Uncirculated, full mint red. Unusually choice specimen for this coin. Said to have cost $7.00. While this coin is not rare, but in this beautiful condition, I consider it quite scarce.

The Very Rare Proof Half Cents of 1831 to 1849

42 **1831** Large berries. **Beautiful sharp iridescent olive proof.** A gem, and as such, very rare and in much demand. Catalogs $85.00. This specimen is from the fine Neil Collection at $72.50. At that time the coin cataloged for only $75.00.

43 **1832 Brilliant proof.** Beautiful iridescent surface. While this particular date of the Half-Cent is not rare in ordinary condition, but in this beautiful brilliant proof condition I consider it even more rare than the 1831. Cost $33.00 and certainly worth it.

44 **1833 Brilliant red proof.** Very slight iridescent surface. Very rare so choice. Cost $17.00.

45 **1834 Light purple proof nicely blended with light olive.** Sharp and perfect. Rare so choice. Cost $12.00 several years ago.

46 **1835 Brilliant iridescent proof.** Extremely rare in this beautiful condition. Cost $30.00.

47 **1836** Large berries. **Beautiful perfect brilliant proof.** Light olive surface. This identical specimen is from the important Neil Collection at $70.00. It now catalogs at $85.00.

48 1837 Not a regular issue. Of same size as U. S. Half-Cent. Eagle, legend U. S. STANDARD WEIGHT and VALUE. Reverse, HALF CENT WORTH OF PURE COPPER. Uncirculated. Rare so choice. In this condition worth at least $10.00.

49 **1841** Large berries. **Beautiful brilliant light purple iridescent proof.** Variety with light die break connecting four stars on upper left. The Atwater specimen brought $72.50. Catalogs now $85.00.

50 **1841** Small berries. Beautiful reddish brown brilliant proof. Same obverse as last with light die break. A magnificent coin. Cost $61.00 several years ago. It now catalogs $75.00.

51 **1842** Small berries. **Brilliant iridescent proof.** A gem. This specimen is from the Neil Collection and also prior to that, from the famed Roach Collection. Cost then $71.00. Now catalogs $85.00.

Lot No.

52 **1843** Large berry reverse. **Brilliant light iridescent proof.** From the Neil Sale at $72.50. Now catalogs $85.00.

53 **1843** Small berries. Proof, but not in full brilliancy. An even medium brown surface. Very rare. Catalogs $75.00.

54 **1846** Large berries. Proof, not brilliant, but much proof surface. Nice even brown surface. A very attractive specimen of this rarity. Not in the Neil Sale. The specimen in the Atwater Sale brought $72.50 when the coin cataloged at only $70.00. It now catalogs $85.00.

55 **1846** Small berries. **Magnificent brilliant proof** with broad borders and high edge on obverse. The obverse is an iridescent red and olive; the reverse, a light purple. A gem coin in every respect. From the Neil Sale at $62.50. Now catalogs $75.00. This specimen worthy of its highest record.

56 **1847** Large berries. Another **beautiful gem proof;** even brilliant purple surface. Cost $85.00. Now catalogs $100.00. This coin is certainly worthy of its highest record.

57 **1847** Small berries. **Brilliant proof** with even brown surface. Very rare. Catalogs $80.00.

58 **1848** small berries. **Brilliant proof.** The obverse is practically mint red. The reverse is mint red nicely blended with iridescent purple surface. A beautiful coin and very rare. Catalogs $85.00.

59 **1849** Small date. Small berry reverse. **Beautiful brilliant proof.** Mint red obverse with iridescent reverse. Not in the Neil Collection. This is one of the rarest of the rare Half-Cents. The Atwater specimen, in 1946, when this coin cataloged for only $65.00, brought $88.50 on a $91.00 bid. This coin now catalogs for $100.00 and it is certainly worth it.

60 1849 Large date. Uncirculated, even brown surface. Scarce. From the Dr. Allenburger Sale at $5.25.

61 1850 **Proof.** Broad borders, sharp edge, as on all proofs. Even iridescent medium olive surface. Not a rare date, but extremely rare in proof condition. In fact I consider it as rare as any of the rare Proof Half-Cents of the '40's. Cost $15.00. Worth more today.

62 1851 Proof. Broad borders. Iridescent surface, but not in full brilliancy. Rare and valuable.

Lot No.

63 **1852** Large berries. **Brilliant proof.** Nicely blended iridescent and mint red surface. The Atwater specimen brought $52.50 in 1946 when this coin cataloged $50.00. It now catalogs $60.00.

64 1853 Uncirculated, light brown surface. Catalogs $3.50.

65 1854 Uncirculated. Iridescent surface. Catalogs $4.00.

66 **1855 Beautiful brilliant proof.** Rare and valuable so choice. High auction record. This coin cost $25.00 some years ago. Worth more today. This ordinary date Half-Cent in proof condition is far more rare than the 1852.

67 **1856 Brilliant proof;** mint red and iridescent purple surface. Another rarity, as valuable as last. Not in the Atwater or Neil Collections.

68 1857 Last year of issue. **Brilliant mottled proof.** Scarce date in extremely rare condition. Cost $25.00. Worth more today.

69 1857 Uncirculated. Scarce. Catalogs $7.50. Mint red and light olive nicely blended.

UNITED STATES LARGE COPPER CENTS

The coinage of large U. S. Cents began in 1793. Discontinued in 1857. The only year in which they were not minted was 1815. Coined at the Philadelphia Mint only. While there are only sixty-four different dates, there are more than twelve hundred different die varieties, therefore, the collecting of large Cents is one of the most fascinating of our United States coinage.

70 1793 First year of issue and first type, the CHAIN variety. AMERICA. Crosby 4-C. Period after date. The date is close. Extremely fine with nice even medium brown surface; raised borders; rather bold impression. A very attractive specimen of this rare Cent. Cost over $200.00. Record much higher for this beautiful Cent.

71 1793 Chain type. Wide date. AMERICA. Crosby 1-C. Fine but surface evenly and slightly corroded. A rare Cent. Catalogs $85.00.

72 1793 Wreath type. Large planchet. Crosby 9-G. Fine to very fine, especially for this coin; even brown surface. Cost $52.00. Catalogs $60.00 in only fine.

73 1793 The extremely rare Liberty Cap variety. Crosby 12-L. Strictly very fine, free from any imperfections. An even steel color. Perfectly centered and well struck, and what is most important, is that the ONE CENT is well struck and bold which is quite unusual for this rare variety. Far above the average for this rarity. Cost $240.00 several years ago. An uncirculated specimen of this coin sold in my Sale of the Atwater Collection for $2,000.00. Of course, this coin is not worth $2,000.00, but it is certainly worth and should bring well into the three-figure mark.

Lot No.

74 1794 Hays 14. The so-called Pyramidal head. Very fine, strictly so. Very scarce. Said to have cost $24.00.

75 1794 Hays 17. Very fine, strictly so. Light brown surface. Three small darker spots on obverse. Attractive and very scarce Cent, especially so choice.

76 1795 The scarce thick planchet with lettered edge. Fine, strictly so. Far above the average. Steel color. Catalogs $25.00.

77 1795 Variety with ONE CENT high in wreath. Fairly thick planchet; plain edge. Extremely fine, sharp. Former owner paid $20.00, but worth more today in this choice condition.

78 1795 Type as last, plain edge, but ONE CENT central in wreath. Very fine; dark olive. This is just about same value as last.

79 1796 Liberty Cap. Gilbert D. Nicely struck and centered specimen of this very scarce Cent. Extremely fine. Nice medium olive surface. An attractive specimen of this rare variety. Record near $50.00 for equal specimen.

80 1796 Bust type. Gilbert 1. Bottom of obverse not well struck. Die break at lower right reverse. Small dent on upper reverse. Very fine with nice medium olive surface. Quite scarce. The box in which the coin is enclosed is marked $42.50.

VG-7 81 1796 Bust type. Gilbert 36. Nick on reverse, otherwise strictly very good. Very scarce. Said to be very rare variety. to VG8 EY. F; 141-TJC

82 1796 Bust type. Gilbert 40.5 Heavy die break on edge connecting TY. Very good obverse with just fair reverse. Rare die. S-110 EY. F; 142-TJC

83 1797 Stems to wreath. The rare variety with gripped or milled edge. Practically uncirculated with nice even lustrous light brown surface. Die break from ribbon to edge on left obverse. Nicely struck and well centered. A beautiful cent and as such, rare and valuable. Cost $90.00.

84 1797 Doughty 102. Stems to wreath. Perfect die. Uncirculated, nice even brown surface. A beautiful Cent. Just the highest portions show slightest cabinet friction. Quite rare so choice. Cost over $50.00.

85 1797 Stemless wreath. Fine; steel color, but the left reverse not well struck and some of the letters are very faint. Rare variety. Catalogs $35.00 in fine.

86 1797 Stemless wreath as last, but the rare variety with heavy die break on left obverse edge. Strictly very good.

87 1798 over '97. Just about fine. Variety with die breaks on reverse. A rather deep nick or cut from forehead to edge just below Y. It isn't as bad as it sounds. Still an acceptable specimen of this rare variety which catalogs $35.00 in fine.

88 1798 Perfect large date. D. 117. Heavy die break on obverse connecting ERTY (like on the 1804 Cent). Strictly fine. Scarce. (Cost $10.50)

89 1798 Doughty 118. Very fine, even brown surface. Attractive Cent.

Lot No.

90 1798 Doughty 121. Variety with slighily curved die break on lower right reverse. Very fine, but slight corrosion spots on right obverse. Steel color. A Cent that is said to have cost over $50.00.

91 1798 Doughty 124. So-called "small" date. Perfect die. Fine. Rare.

92 1798 Doughty 127. Light die breaks on left obverse. About fine. Scarce variety.

93 1798 D. 130. Heavy die break on edge connecting ATES. Fine, glossy steel color. Very scarce.

94 **1799** Perfect date. Strictly fine. The former owner bought it and had it classified as extremly fine. It can probably be so described "for this rarity". It is a nice evenly struck specimen with nice even dark olive surface. Free from any nicks or dents. Far above the average for this rarity and much-sought-for Cent. Cost $198.00 several years ago. A coin that would easily retail at $250.00 to $300.00.

95 1800 over 179. Very good. Scarce.

96 1800 Dotted date. Very good, strictly so. Scarce. The Cents of 1800 are more scarce than is generally recognized.

97 1801 Perfect die and perfect fraction. Extremely fine, just a shade from uncirculated; in fact I doubt if this coin was ever in circulation. Attractive medium brown surface. Truly a beautiful Cent and, as such, rare and valuable. Cost $15.00 several years ago. Worth more today.

98 1801 The rare variety with three errors; one stem to wreath; fraction 1/000 and IINITED. Good obverse with very good reverse. Light corrosion spot on head. Not the best Cent in the world of this variety, but above average. Very scarce and in much demand. A good specimen catalogs for $7.50. This coin as a whole is better than good.

99 1801 Variety with the fraction 1/000. Very fine, dark olive. Catalogs $12.50 in only fine.

100 1801 Variety with 1/100 over 1/000. Fine to very fine. Very scarce and in demand. Catalogs $15.00 and this specimen cost that much some years ago.

101 1802 Perfect dies; stems to wreath. Fine.

102 1802 Stemless wreath. Fine, strictly so, but the edge is not exactly even. However it is an attractive Cent. Catalogs $7.50 in only fine.

103 1802 Variety with fraction 1/000. Just about fine. Very scarce. Catalogs $7.50.

104 1802 Perfect die and perfect fraction. Doughty 178. A beautifully struck specimen; evenly centered and even surface; dark olive. An attractive Cent. Said to have cost $15.00.

105 1803 Small 3 in date, large fraction. Fine obverse with very fine reverse. Very light nicks on obverse, hardly noticeable.

106 1803 Small fraction. Variety with die break on edge connecting bottom of date. Very fine, brown surface.

Lot No.

107 1803 Type as last. Variety with heavy die on reverse connecting ST and almost A. Fine to very fine. Scarce variety.

108 1803 Small date and small fraction; short fraction line. D. 190. Extremely fine; dark olive; bold impression. Cost $10.00 several years ago.

109 **1804** Perfect dies. A strictly very good specimen; can easily be classed as "fine for coin". A tiny nick on edge directly below the first 0 in the fraction. Evenly struck, nice color. Rare and valuable and in much demand. A good specimen catalogs for $50.00 and fine at $115.00. This coin is worth somewhere between the two figures.

110 **1804** Variety with die breaks on obverse and reverse. Very fine, strictly so. The reverse shows slight traces of original mint color. The upper left reverse is not as bold as is usual on these coins. The former owner purchased this coin as "about uncirculated". Cost over $200.00.

111 **1804** A specimen for the "younger collector". Variety with perfect dies. The obverse is good; the reverse, the right side is good to very good, but the left and upper portion is only fair. But an acceptable specimen for the average collector. As a good specimen catalogs for $50.00, this coin should be worth just around $25.00.

112 1805 Perfect 1 in date. The scarcer of the two varieties of this date. Very fine, strictly so. Just the tiniest nick on left obverse edge, hardly noticeable. An attractive and very scarce cent. Cost $13.00 several years ago.

113 1805 Blunt 1. Fine, strictly so. Catalogs $7.50.

120 1808 Twelve-star variety. About fine. Very scarce. Catalogs $15.00 in fine.

Lot No.

121 **1809** The so-called over '08, but according to Dr. Sheldon, this is not an over-date. Dr. Sheldon states "fine examples show that the 9 was first started a little too low, and then corrected". This specimen certainly shows the correction, as the coin is absolutely **uncirculated.** The obverse is a beautiful even mint frosty medium olive surface. The reverse is light brown with traces of original mint red nicely blended. A gem Cent of a real rarity. Cost $110.00 several years ago. Worth more today. This specimen is so fine and so well struck that it shows a very light die break from eleventh star towards point of upper ribbon. Truly a gem Cent and, as such, rare and valuable.

122 1809 Duplicate. The average specimen, strictly very good with some claims to being fine. Catalogs $35.00 in fine.

129 1813 Doughty 221. Fine, strictly so, with even olive surface. Very scarce. Catalogs $7.50 and certainly worth it.

130 1814 Plain 4. So-called "bearded" variety and profile slightly double-struck. Extremely fine with nice light brown surface. Originally purchased as uncirculated at $20.00. In fact I doubt if this coin was ever in circulation, as it has considerable frosty mint surface.

154 1826 Compact date. A beautiful uncirculated specimen with nice attractive frosty mint light olive surface. Not a rarity, but just try and get a strictly uncirculated cent of this date. $20.00 would be a fair price for it, but of course it will be sold for whatever it may bring.

Duplicate Collection of Large Cents

221 1793 to 1857 inclusive. All dates excepting only 1799. However, the 1804 is just barely fair and with a good glass and a little imagination the date is visible. Two varieties of 1795; plain and lettered edge, and Liberty cap and bust type of 1796. The collection if purchased separately would average just about $1.00 per coin. This collection of 116 coins is housed in the National coin holders and album, and as mentioned before, it is as beautiful a set as is possible to obtain. This beautiful collection and the album and holders catalog for $248.45 or an average of just about $2.15 per coin. A similar set in my last Sale, but not nearly as choice, brought $1.60 per coin. The starting bid on this collection is $1.65 per coin. But they usually bring full catalog. Please make your bid by the piece. 116 pcs.

316 1797 Six stars to right. B. 3. Very good. Valued $17.50 in only good.

Lot No.

317 1797 Seven stars to right. Large letters. Fine to very fine.

318 1798 Small eagle. Thirteen stars. Fine; strictly so. Considering the condition this particular variety comes in, the coin can be classed as very fine for coin. Very scarce. Catalogs $50.00 in very fine.

319 1798 Heraldic eagle. Very good. Supposed to be a common date, but I find it rather scarce.

320 1799 over '98. Fifteen stars on reverse, but only portions of two stars show under clouds. Very fine to extremely fine. Scarce so choice. Said to have cost $40.00.

321 1799 Perfect date. The rare variety with five stars to right of bust. Very fine. A very scarce variety in rather rare condition. Valued in Bolender at $60.00.

322 1799 Perfect date. Variety with five large berries in olive branch. Nearly uncirculated with mint luster. Light die depression on obverse. A beautiful coin and, as such, very scarce and valuable.

323 1799 Perfect date and perfect die. Extremely fine.

324 1799 Apparently an unlisted variety. Seems to have only one berry on olive branch. Extremely fine, nearly uncirculated. Rare, especially so choice.

325 1800 B. No. 4. Perfect die. Stars on obverse seem a trifle small. Very fine, strictly so, with traces of original mint luster. Valued at $35.00 in this condition.

326 1800 Perfect die. B. No. 5. Very fine, strictly so. Valued at $35.00. A tiny nick on obverse.

327 1800 Variety with die break making the legend read AMERICAI. Very fine. Quite rare. Valued in Bolender at $65.00.

328 1800 Dotted date. Only good to very good, but scarce.

329 1801 B. No. 4. Close date. This variety is easily distinguished by the spur on the curved part of D on reverse. It is the rarest variety of this date dollar with the exception of the re-strikes. This is a beautiful extremely fine specimen; well centered and struck. It is valued at $90.00 in extremely fine.

330 1801 Variety with die break through STA in STATES. Figure 1 does not touch curl. Very fine, strictly so. Considerable mint luster; in fact the coin can easily be classed as extremely fine.

331 1801 Variety with long stem to olive branch. Very good to fine.

332 1802 over '01. B. No. 3. Date unevenly spaced. Extremely fine; sharp. Valued in B. in this condition at $75.00, but I hardly think it is worth that much.

333 1802 over '01. Very close date. Fine. Scarce.

334 1802 Perfect date. Extremely fine with considerable mint luster; just a shade from uncirculated. Scarce and valuable so choice.

Lot No.

336 1803 Large 3. Very fine; strictly so. Scarce. Catalogs $30.00. (No, no 1804 Dollar this time.)

337 **1836** The beautiful Dollar by Gobrecht. Liberty seated with artist's name on base. Reverse, flying eagle amid twenty-six stars. Plain edge. Beautiful brilliant proof gem. Just about as perfect as the day it was struck, 115 years ago. Only 1,000 specimens struck in all. While this coin has been getting more rare from time to time, but those of us who handle quite a few coins, can realize more readily how really rare a gem proof of this Dollar is. Catalogs at $150.00 and certainly worth it. This coin is really worthy of a new record.

338 1840 The obverse is the same type as that of 1836, except it has 13 stars. Reverse, standing eagle. Practically uncirculated with considerable mint luster. Scarce date and in demand. Catalogs $25.00 in uncirculated. This is not a strictly uncirculated coin.

339 1841 Almost a brilliant proof. While it has every appearance of a perfect proof, but I doubt if it was struck as such, and I do not offer it as a proof, but as brilliant semi-proof. The surface is just like a proof excepting that it shows slight evidence of having been handled with other coins. The envelope in which this coin came to me is marked as having been purchased as a proof at $90.00.

340 1841 Uncirculated with mint luster; just the slightest evidence of cabinet friction. A beautiful coin. Catalogs $17.50.

341 1842 Brilliant semi-proof; almost equal to a perfect proof, especially the obverse. Shows evidence of having been handled with other coins, but a very attractive coin. A proof catalogs for $125.00. This, of course, is not a regular proof.

342 1842 Duplicate in extremely fine condition with considerable mint luster.

343 1843 Brilliant semi-proof. Another specimen which the owner claims to have bought for a proof at a very high price. A beautiful coin, but still not a proof. Catalogs $125.00 in proof.

344 1843 Just a shade from uncirculated, with brillant mint luster. Catalogs $15.00 uncirculated.

345 1844 **Brilliant proof.** This coin is a real proof. The obverse is just slightly "cloudy", but it is a gem coin and, as such, rare and valuable. Catalogs $125.00.

Lot No.

346 1844 Extremely fine; tiny nick on left reverse edge. Scarce date and in demand.

347 1845 Extremely fine, nearly uncirculated. Scarce so choice.

348 1846 Perfect date. Uncirculated, frosty mint surface. Not a rarity, but certainly scarce so choice. Catalogs $15.00 and certainly worth it.

349 1847 Uncirculated; brilliant semi-proof surface, nearly equal to a proof. Catalogs $15.00 in uncirculated only.

350 1848 **Brilliant gem proof.** Rare and valuable. A similar specimen in my GOLDEN JUBILEE SALE brought $175.00.

351 1848 Duplicate. Extremely fine with considerable mint luster; bold impression. Scarce date.

352 1849 Extremely fine with considerable mint luster. Very scarce; far more so than its catalog price would signify.

353 1850 **Brilliant proof,** partly wire edge. Just the faintest few hair-lines on reverse. Very rare and valuable. Catalogs $100.00, but a specimen in my last Sale brought $140.00. I doubt if as many as a dozen proofs are known to exist.

354 1850 Uncirculated with mint luster; just the slightest touch of cabinet friction. Catalogs $25.00.

355 1853 Uncirculated with mint luster; the obverse field shows slight cabinet friction. A scarce coin in very scarce condition. Catalogs $22.50.

356 1854 Uncirculated, frosty mint surface. Quite scarce. Catalogs $40.00. Shows, of course, just the slightest cabinet friction, but it is a most attractive specimen with bold impression. This Dollar is in much demand.

357 1855 Very fine. Scarce. Catalogs $17.50, but retails for more.

358 1856 Beautiful semi-proof, nearly equal to a proof. Catalogs $75.00 in proof and $22.50 in uncirculated. This coin should bring a "happy medium" between these two figures.

359 1857 Brilliant semi-proof; originally purchased as a proof, but I feel certain it was not struck as such. It is only an early impression of the die. The field slightly rubbed, but it has every appearance of a proof and would look beautiful in any collection. Catalogs $65.00 in proof and $22.50 uncirculated.

360 1857 Uncirculated, frosty mint surface. Scarce date in choice condition.

Lot No.

361 **1858 Beautiful brilliant proof.** A perfect gem. Only 80 specimens said to have been struck in all. Very rare and in much demand. Latest record $210.00.

362 1859 **Brilliant proof.** Scarce and in much demand. Catalogs $40.00. Last auction record, $36.00.

363 1860 **Perfect brilliant proof.** Catalogs $30.00. Last auction record, $27.50.

364 1861 **Brilliant proof;** just the faintest hair-line on obverse; visible only when the coin is held at a certain angle. A tiny dull spot on reverse. Quite rare. Catalogs $50.00.

365 1862 **Perfect brilliant proof.** Very scarce. Catalogs $27.50. Collectors who are intending to complete the Silver Dollars in proof would do well to acquire them as quickly as possible. To begin with, a very limited number of proofs were struck, and we all know that in the past several years the number of collectors has increased tremendously. Just as an illustration, this Dollar in proof condition cataloged for $6.00 just ten years ago. Today it catalogs $25.00. And this is true of all these beautiful proof Dollars.

366 1863 **Brilliant proof.** Gem. Scarce and in demand. Catalogs $27.50.

367 1864 **Brilliant proof,** perfect. Catalogs $27.50.

368 1865 **Brilliant proof,** partly wire edge. Very scarce. Last record in my Sale, $34.00.

369 1866 First year with motto. **Perfect brilliant proof gem.** Catalogs $30.00.

370 1867 **Perfect brilliant proof,** sharp wire edge. Usually brings above catalog. Catalogs $25.00, but in my last Sale it brought $26.00 when it cataloged $20.00, and I had several bids above $20.00.

371 1868 **Brilliant proof gem;** wire edge on reverse. Last record in my Sale, $21.00.

372 1869 **Perfect brilliant proof gem.** Catalogs $25.00.

373 1870 **Perfect brilliant proof.** Catalogs $20.00, but in much demand, and at my last Sale it brought $21.00 when it cataloged $17.50.

374 1871 **Perfect brilliant proof,** wire edge. Catalogs $20.00. Last record, $23.00. Any of these gem Dollars are worth at least $25.00.

375 1872 **Perfect brilliant proof.** Last record, $20.50.

377 1878 (No Standard Dollars minted from 1874 to 1877 inclusive) Variety with eight feathers in eagle's tail. **Brilliant gem proof;** unusually deep impression; raised borders. Very scarce. Catalogs $25.00. Only 550 proofs struck. Last record, $26.00.

378 1878 As last, but variety with seven feathers in eagle's tail. **Brilliant gem proof.** Quite scarce. Catalogs $35.00 and has an auction record of about $40.00.

379 1879 **Perfect proof,** brilliant. ($10.00)

Lot No.

380 1880 **Perfect brilliant proof.** Catalogs $10.00.

381 1881 **Perfect brilliant proof.** Catalogs $10.00.

382 1882 **Perfect brilliant proof.** Lists at $10.00.

383 1883 **Perfect brilliant proof.** Catalogs $10.00.

384 1884 **Perfect brilliant proof.** Catalogs $10.00.

387 1887 **Perfect brilliant proof.** Catalogs $13.50. Only 710 proofs struck.

388 1888 **Perfect brilliant proof.** Catalogs $12.50.

389 1889 **Perfect brilliant proof.** Catalogs $12.50.

390 1890 **Perfect brilliant proof.** Catalogs $12.50. Only 590 proofs struck.

391 1891 **Brilliant proof.** Catalogs $12.50.

392 1892 **Brilliant proof.** Catalogs $12.50.

393 1893 **Brilliant proof;** just the slightest hair-line on obverse, hardly noticeable. Catalogs $12.50.

394 1894 **Perfect brilliant proof.** Catalogs $15.00.

395 **1895 Perfect brilliant proof,** but just a tiny pin-point nick on edge; hardly noticeable. It does not affect the appearance or value of the coin. Here is one coin that will bear watching. It has always brought more than it was cataloged for. In my last Sale, the Jerome Kern Collection, while the coin catalogs for $100.00, it brought $122.50 on a $130.00 bid, when it cataloged at $85.00. Rare and in much demand.

396 1896 **Perfect brilliant proof.** Very scarce. Catalogs $17.50. Here is one of the mysteries of the values of coins. There were only 762 proof Dollars struck in this year and the coin catalogs for $15.00 and usually brings that amount. However, of the 1895 Dollars there were 880 proofs struck yet the coin catalogs for $100.00 and brings **well over** $100.00 at auction.

397 1897 **Perfect brilliant proof.** Catalogs $15.00. Very scarce. Last record $21.00. Only 731 proofs struck.

398 1898 **Perfect brilliant proof.** Catalogs $12.50 but last record $18.50. Only 735 proofs minted.

399 1899 **Perfect brilliant proof.** Catalogs $15.00. Very scarce.

400 1900 **Perfect brilliant proof.** Catalogs $12.50.

401 1901 **Perfect brilliant proof.** Catalogs $15.00.

402 1902 **Perfect brilliant proof.** Catalogs $15.00.

403 1903 **Perfect brilliant proof.** Very scarce. Catalogs $25.00.

404 1904 **Perfect brilliant proof.** Very scarce and in demand. Catalogs $30.00. Only 650 proofs struck. The coinage of Dollars was discontinued in this year and not resumed until 1921.

405 1921 Morgan type. **Proof.** Very rare and in much demand. Catalogs $60.00. A similar specimen in my Sale of the Jerome Kern Collection brought $52.00 when it cataloged for $50.00.

Lot No.

406 1921 Morgan type. As last. Uncirculated with full mint luster. ($2.50)

407 1921 New Peace type Dollar. Uncirculated; perfect, with full mint luster. Not a scarce coin, but very scarce when free from any imperfections. ($3.00)

408 1922 Brilliant uncirculated. Same remarks apply to this coin as to the 1921.

409 1923 Brilliant uncirculated, almost a semi-proof. This coin has a record of $11.00, but is not worth that, but it is scarce when it is absolutely perfect as is this one.

410 1924 Brilliant uncirculated.

411 **1925** Brilliant uncirculated. Here is a Dollar that will also bear watching. It is far more scarce than its catalog listing of $7.50 would signify. It brought $9.25 in my Kern Sale and $12.50 in the Atwater Sale.

412 1926 Brilliant uncirculated.

413 1927 Brilliant uncirculated. A gem, as are all of these Peace Dollars in this collection.

414 1928 Brilliant uncirculated. Catalogs $3.00.

415 1934 (None minted 1929 to 1933 inclusive) Brilliant uncirculated.

416 1935 Last year of issue. Brilliant uncirculated.

NEW ORLEANS MINT SILVER DOLLARS

The first silver Dollars minted at New Orleans was in 1846; and next was in 1850 and then no Dollars were minted until 1859 and 1860, in which year the coinage was discontinued and resumed in 1879. It was finally discontinued for good in 1904.

417 1846 O. Very fine, strictly so. Very scarce Catalogs $12.50 and worth more. This specimen is nearer to extremely fine than very fine.

418 1850 O. Second year of issue. Extremely fine with considerable luster; unusually bold impression. Catalogs $10.00 in very fine.

419 1859 O. Just a shade from uncirculated with considerable mint luster. Catalogs $10.00 in uncirculated.

420 1860. O. Uncirculated, mint luster; just a tiny spot on reverse. A beautiful coin. Catalogs $10.00. Very scarce. A somewhat better specimen brought $28.50 in my last Sale.

427 1886 O. Extremely fine, nearly uncirculated. Very scarce. Catalogs $20.00 in uncirculated.

Lot No.

432 1891 O. Very fine, strictly so.

433 1892 O. About fine.

434 1896 O. Near uncirculated. Scarce. Catalogs $15.00 in uncirculated.

435 1897 O. Fine to very fine. Not common.

436 1899 O. Just about uncirculated with frosty mint luster. Catalogs $10.00.

437 1900 O. Very fine, strictly so.

438 1901 O. Just about uncirculated with mint luster. Catalogs $5.00, but has higher auction record.

439 **1903** O Mint. Strictly very good. It could be classed as fine. Usual light evidence of circulation and a slight dent on lower reverse edge. The rarest silver Dollar of the New Orleans Mint. An uncirculated specimen in my last Sale brought $200.00. While, of course, this coin is not uncirculated, but it is still a rare coin and an acceptable specimen to the collector who does not care to invest $200.00 in one coin.

440 1904 O. Very nearly uncirculated, but not quite. It has considerable mint luster and shows only the slightest cabinet friction. Far more rare than its catalog listing would signify. An uncirculated specimen in my last Sale brought $40.00.

SAN FRANCISCO MINT SILVER DOLLARS

The first silver Dollars at this Mint were coined in 1859, but no Dollars were minted again until 1870. This date Dollar of this Mint is very rare. A specimen in my previous Sale brought $1,500.00.

The Extremely Rare 1893 S Mint Silver Dollar

457 **1893 S Mint Dollar.** An extremely rare coin in extremely rare condition—**uncirculated.** Shows slight cabinet friction or evidence of having been handled with other coins. Just a very tiny, hardly noticeable, nick on reverse where apparently another coin dropped on it, but it has practically full mint luster. It is interesting to observe the recognition this coin has received in the past few years. Collectors have at last realized the rarity of this coin. It jumped in catalog value from $20.00 to $150.00 in just five years. But this doesn't tell all of the story. When it cataloged for $20.00, it brought $75.00. In 1946, in my Sale of the great Atwater Collection, the coin brought $185.00. In 1949 another specimen brought $255.00, and in my Sale of the Jerome Kern Collection last May, a similar coin realized $315.00. It is one of the rarest branch mint Dollars.

458 1894 S. Brilliant uncirculated; shows slight evidence of having been handled with other coins, but a gem. Last record over $10.00.

459 1895 S. Brilliant semi-proof, almost equal to a perfect proof. Rare so choice. Catalogs $12.50 in uncirculated. A similar specimen in my last Sale brought $31.00.

463 1899 S. Uncirculated, frosty mint surface.

464 1900 S. Uncirculated, full mint luster. Scarce. Catalogs $3.50.

465 1901 S. Uncirculated, frosty mint surface. Catalogs $4.00, but last record over $5.00.

466 1902 S. Uncirculated, full mint luster. Scarce. Catalogs $6.00, but has higher record.

UNITED STATES TRADE DOLLARS

Coined from 1873 to 1885 for the purpose of competing with the Mexican and Spanish Dollars then in circulation in the Far East. However, only a very few specimens were minted in the last two years, and these of course are very rare. The last Sale records were $760.00 and $1,450.00 each, respectively. 678 1904 Perfect brilliant proof. ($10.00)

679 1905 Perfect brilliant proof. ($10.00)

680 1906 Perfect brilliant proof. ($12.50)

681 1907 Perfect brilliant proof. Scarce. ($12.50)

682 1908 Perfect brilliant proof. ($12.50)

683 1909 Perfect brilliant proof. ($10.00)

684 1910 Perfect brilliant proof. ($12.50)

685 1911 Perfect brilliant proof. ($10.00)

686 1912 Perfect brilliant proof. ($10.00)

687 1913 Perfect brilliant proof; wire edge. Scarce. ($20.00)

688 1914 Perfect brilliant proof. Very scarce. Catalogs $25.00.

689 1915 Last year of the Barber or Liberty head type Half-Dollar. Perfect brilliant proof. Rare and in great demand. Catalogs $35.00, but last year it sold for $32.50 when it cataloged $30.00. More than tripled in value in the last ten years. Collectors who are contemplating completing their collection of Half-Dollars would do well to do so now.

690 1916 First year of the Liberty standing variety. Uncirculated. Very scarce; far more so than is generally recognized. While this coin catalogs at $7.50, it brought $9.50 in my Sale last year on a higher bid. The coin is still very much under-rated.

691 1917 Uncirculated with full mint luster. Catalogs $4.00 but has higher record.

692 1918 Uncirculated, perfect in every respect, with full mint luster. A beautiful coin and very scarce. Catalogs $30.00 and certainly worth it. It hasn't been so very long ago when this coin cataloged for $1.50.

Lot No.

693 1919 Uncirculated with full mint luster. Another rarity steadily advancing in value. Catalogs $35.00, but this is far below its true value. A specimen in my last Sale brought $33.75 on a $37.50 bid.

694 1920 Uncirculated. Very scarce. Last record $10.50.

695 **1921** The rarest Liberty standing Half-Dollar of the Philadelphia Mint. A perfect and beautiful uncirculated specimen. Last record, in my Sale of the Jerome Kern Collection, $72.50 on a $75.00 bid. There were eight bidders who were willing to pay around $70.00 and that many more who were willing to pay full catalog. I still maintain that this Half-Dollar is destined to bring $100.00 in the not distant future. It is interesting to note that in 1931 this coin cataloged for $1.50. In 1940 it cataloged for $25.00, but I find a notation in my personal catalog, made at that time, that the coin is very rare and worth "double".

696 1934 (None coined from 1922 to 1933 inclusive) Brilliant uncirculated. Catalogs $2.00 but has higher record.

697 1935 Bright uncirculated, full mint luster. Same value as last.

698 1936 Perfect brilliant proof; wire edge. First proofs struck since 1915. This is a gem coin. Catalogs $17.50.

700 1938 Perfect brilliant proof; wire edge. Catalogs $6.00.

701 1939 Perfect brilliant proof. Catalogs $5.00.

702 1940 Perfect brilliant proof. Catalogs $4.50.

703 1941 Perfect brilliant proof; wire edge. Catalogs $3.00.

704 1942 Perfect brilliant proof. Catalogs $3.00. Last year of the proofs until 1950.

705 1936 to 1947 inclusive, complete; all dates, in brilliant uncirculated condition. A beautiful set. 12 pcs.

708 1840 O. Large mint letter O. Practically uncirculated, with some mint luster. Very scarce, more so than the last.

709 1841 O. Fine to very fine.

711 1844 O. Very fine. Catalogs $2.50 and certainly worth it.

723 1851 O. Extremely fine; just a shade from uncirculated.

725 1853 O. Rays and arrows. Extremely fine. ($3.50)

726 1854 O. Perfect date. Sharp, perfect uncirculated specimen just as though it dropped from the mint today. Not a rarity, but I consider any U. S. coin nearly one hundred years old, when so choice, as quite scarce. Catalogs $3.00, but I think this one is certainly worth more.

727 1854 O. Date re-engraved or double-struck. Very fine, bold impression. Very scarce.

728 1855 O. Perfect date. Just a shade from uncirculated.

729 1856 O. Perfect date. Extremely fine, nearly uncirculated.

731 1857 O. Extremely fine with considerable luster. Catalogs $6.00 uncirculated.

732 1858 O. Uncirculated, frosty mint surface; just the very slightest touch of cabinet friction. Catalogs $3.00.

733 1859 O. Extremely fine, just a shade from uncirculated.

734 1860 O. Practically uncirculated with frosty mint surface. Catalogs $3.50.

735 1861 O. Apparently struck by the Confederates after their seizure of the Mint. Uncirculated; tiny nick on left obverse. Scarce. Catalogs $4.00. Coinage discontinued in this year and not resumed until 1892.

The Scarce Confederate Re-Strike Half-Dollar

Lot No.

736 1861 Confederate Re-Strike Half-Dollar. The reverse struck from the original Confederate dies. Confederate shield within wreath of cotton and corn. Legend, CONFEDERATE STATES OF AMERICA HALF DOL. Practically uncirculated with mint luster. In much demand. Retails up to $60.00.

737 1892 O. Uncirculated, frosty mint surface. Very scarce; far more so than its listing of $10.00 would signify.

738 1893 O. Uncirculated, but the obverse shows slight evidence of having been handled with other coins. Raised border. Catalogs $10.00.

739 1894 O. Practically uncirculated; just the highest portions show slight cabinet friction. Catalogs $15.00.

740 1895 O. Uncirculated, frosty mint surface; sharp. Quite scarce. Catalogs $17.50.

741 1896 O. Brilliant uncirculated. Just as perfect as the day it was minted. Rare, especially so choice. Catalogs $30.00 but retails for more.

742 1897 O. Perfect uncirculated; just as perfect as the day it was minted. Another very scarce and valuable coin. Catalogs $30.00 and certainly worth it.

743 1898 O. Uncirculated with full mint luster. Catalogs $20.00. I consider it just as rare as the previous lot.

744 1899 O. Uncirculated; highest portion of Liberty head shows very slight cabinet friction. Very scarce. Catalogs $12.50.

745 1900 O. Uncirculated, frosty mint surface. Quite rare so choice. Catalogs $20.00.

746 **1901 O.** One of the real rare Half-Dollars of the New Orleans Mint. Uncirculated with mint luster; shows slight evidence of having been handled with other coins, but a desirable specimen of this rarity. Catalogs $50.00.

747 1902 O. Brilliant uncirculated. A gem coin. Catalogs $20.00. Record over $23.00. This specimen is certainly worthy of its highest record.

748 1903 O. Uncirculated with mint luster. Rare and in much demand. Catalogs $25.00, but a specimen in my last Sale brought $33.50. Here is a coin destined to reach the $50.00 mark in the near future.

749 1904 O. Uncirculated, but slight cabinet friction on head. Catalogs $17.50.

Lot No.

750 1905 O. Uncirculated with mint luster. Catalogs $15.00. These later branch mint Half-Dollars in mint condition are really rare and worth considerable more than the present catalog listing, and usually bring more, as collectors realize their true rarity and value.

756 1873 CC. Variety with arrowheads at sides of date. Fine with some claims to very fine. Catalogs $15.00 in very fine, but has higher record.

758 1876 CC. Practically uncirculated with mint luster. Catalogs $6.50. Record over $8.00.

759 1877 CC. Extremely fine with considerable luster. Two light stain lines on lower left obverse. Better than the description sounds.

760 1878 CC. Last year of issue. Very good, strictly so. A tiny nick on lower edge. An acceptable specimen of this rarity. A similar specimen in my last Sale brought $28.50. Catalogs $50.00 in very fine.

790 1897 S. Brilliant semi-proof. A gem and, as such, rare and valuable. Catalogs $30.00. A coin that I think is worth near $50.00.

793 1900 S. Brilliant uncirculated gem. Catalogs $17.50.

794 **1901 S.** I am tempted to catalog this coin as uncirculated, as it came to me so described, but I shall call it extremely fine. 801 1908 S. Brilliant uncirculated. Very scarce. Catalogs $20.00. Last record $21.00. For some reason or other this coin is in great demand. There were over twenty bidders for this particular coin in my last Sale; several at $20.00.

802 1909 S. Bright uncirculated with full mint luster. Another San Francisco Mint Half-Dollar which is in much demand when in choice condition. A specimen in my last Sale brought $23.50 and there were several bidders who were willing to go over $20.00.

Complete Collection of Liberty Standing Half-Dollars of the San Francisco Mint.

Lot No.

809 1916 S. First year of issue. A beautiful perfect uncirculated specimen with full mint luster. Rare and in demand. Although it now catalogs for $40.00, a specimen in my Sale a year ago brought $36.50 when it cataloged $35.00.

810 **1917 S. With mint letter on obverse.** The second rarest Liberty Standing Half-Dollar of any mint and a coin which is destined to become one of the rarest of the series. A beautiful perfect uncirculated gem specimen with full mint luster. In great demand and value steadily increasing. Just ten years ago it cataloged for $25.00. Today it catalogs for $175.00, but last year a specimen brought $168.50 on a bid of $175.00 when it cataloged $150.00. This particular coin, in its beautiful state of preservation, it would not surprise me if it reached the $200.00 mark now.

811 1917 S. Second variety with mint letter S on reverse. Just about uncirculated with frosty mint surface. Scarce. Catalogs $25.00. Last record, $17.75.

813 **1919 S.** The rarest Liberty standing Half-Dollar. A beautiful uncirculated gem specimen. Full mint luster. Catalogs for $150.00, but this is only a fraction of what the coin is really worth. In my Sale of the Jerome Collection, last year, a similar coin brought $173.50 when it cataloged $100.00. There were more bids on this coin than on any other Half-Dollar and most of them were for $150.00 or more. If I had this coin in stock my price would be not less than $200.00 and probably $225.00.

814 1920 S. Uncirculated, frosty mint surface. Quite rare. Another difficult coin to obtain choice. Always brought a great deal more than its catalog listing. Catalogs $50.00.

815 1921 S. Uncirculated but not in full brilliancy; considerable evidence of having been handled with other coins; probably in shipping from the mint. It appears that the other Half-Dollars in the bag ganged up on this particular coin. But it is a nice specimen and worthy of a good price. Catalogs $60.00.

816 1921 S. Duplicate. Just very good, but an acceptable specimen to the collector who is not inclined to pay $50.00 for an uncirculated.

847 1937 D. Uncirculated, full mint luster. Catalogs $2.50.

848 1938 D. Perfect uncirculated specimen. Catalogs $8.00, but I think this valuation is somewhat exaggerated, as this coin is not sufficiently scarce to warrant this value. Last record $4.00.

COMPLETE COLLECTION of U. S. COMMEMORATIVE HALF-DOLLARS

859 1921 Alabama Centennial. Portraits of Bibb and Kirby, the first Governor, and the Governor of 1920. ($12.50)

860 1921 Alabama Centennial. Variety with 2 X 2, designating its being the 22nd State admitted to the Union and also "designating" a variety so that collectors would buy two of the Alabama coins instead of one, and of course they did and do. ($13.50)

861 1922 Grant Memorial, commemorating the 100th anniversary of his birth. Reverse, log cabin. ($3.50.)

862 1922 Grant. As last, but with a five-pointed star incused, stamped in, above the name GRANT. A perfect uncirculated specimen. The rarest commemorative Half-Dollar. The supply seems to be well distributed as the coin still brings full catalog and more. Catalogs $60.00, but a specimen in my last Sale brought $67.50.

863 1923 Monroe Doctrine Centennial. Portraits of Presidents Monroe and Adams. Reverse, very curious and interesting design; two figures representing and in the form of North and South America. A difficult coin to find strictly uncirculated as is this one. ($3.50)

871 1926 Oregon Trail, as last. S Mint. ($2.25; last record $2.50.) The first of the commemorative Half-Dollars of which there seems to have been no end of issues.

872 1927 Vermont Sesqui-centennial. Portrait of Ira Allen, founder of Vermont. Reverse, panther. ($7.50)

873 1928 Hawaii Sesqui-centennial. Portrait of Captain Cook, discoverer of Hawaii. Reverse, Chief in full regalia. Only 10,000 minted, of which only 5,000 were sold on the mainland, and the other 5,000 were distributed in the islands. ($32.50)

874 1928 Oregon Trail. Limited coinage, only 6,000 minted. ($4.00)

875 1933 Oregon Trail. Only 5,000 minted at the Denver Mint only. ($6.00)

877 1934 Three Hundredth Anniversary of the founding of Maryland. Portrait of Lord Baltimore. ($4.00)

878 1934 Texas. (There is one thing that can be said for our great State. It is first in almost everything, even in its celebration of its independence which was gained in 1836, but not to be outdone, we began celebrating it in 1934, two years before the anniversary.) ($2.75; last record $3.10.)

879 1934 Kentucky or Daniel Boone Bi-Centennal. Daniel Boone, his portrait to left. Reverse, Indian Chief and Boone standing, facing each other. A beautifully designed coin. Only 10,000 minted. ($3.50)

880 1935 Daniel Boone. As last. Although the same number was minted, but this catalogs for only $2.75.

881 1935 Kentucky or Daniel Boone, Denver Mint. Only 5,000 minted. Catalogs $4.50, but should be worth more.

882 1935 Kentucky or Daniel Boone, S. Mint. ($4.50)

885 1935 Boone, with small 1934, San Francisco Mint. Just as rare as last. In much demand.

891 1935 Old Spanish Trail. Unusual and interesting design. Vastly different from any other commemorative. Skull of cow. Reverse, map of the old Spanish trail. Catalogs $15.00, but last record, $15.50.

892 1935 Connecticut 300th anniversary. View of Charter Oak. Although 25,000 were struck, apparently they were well distributed, as the coin is very scarce and brings just about catalog of $8.50.

893 1935 Texas. View of Alamo. If this coin had been the size of our large Bryan Dollars, it would have been a beautiful coin, but too much was crowded in on the small size of a Half-Dollar. When one tries to depict winged figure of Liberty, portraits of Houston and Austin, the Alamo, and the six flags under which Texas served, it is just about too much. But it is still, of course, an interesting coin commemorating a most celebrated event. And after all this comment, the coin only catalogs for $2.00.

894 1935 Texas. Denver Mint. ($2.00)

895 1935 Texas, S. Mint. ($2.00)

Indians welcoming Roger Williams. Reverse, Arms of Rhode Island. Looks more like a medal than a coin. Set of three coins which catalog $9.00 for the set. So please make your bid by the lot and not by the piece.

897 1936 Texas, P, D and S Mints. Less than 10,000 sets minted. ($6.00) Please make your bid by the set.

909 1936 York County, Maine. (First county in Maine.) Rather unattractive as a coin. ($3.00)

910 1936 Bridgeport, Conn., Centennial. Portrait of Barnum. I sometimes think it is a very appropriate portrait for a coin of 1936, remembering Mr. Barnum's famous remark "about one being born every minute". However, the coin is scarce. It catalogs for $3.00 and usually brings more.

911 1936 Sesqui-centennial of Lynchburg, Va. Portrait of Senator Glass. ($4.00) Very scarce.

912 1936 Elgin, Ill., Centennial. Head of Pioneer. Reverse, group of four pioneers. Attractive coin. ($3.50)

913 1936 Albany, N. Y. Standing figures of Governor Dongan and Mayor Schuyler. Dressed in garb of the period. Reverse, a beaver. A very attractive coin. ($6.00)

923 1936 Battle of Gettysburg. Conjoined heads of Union and Confederate soldiers. Struck to commemorate the 75th anniversary of the battle of Gettysburg. One of the most beautiful coins of the entire series and certainly one of the most historical. In much demand. Usually brings much more than its catalog price of $6.00.

UNITED STATES QUARTER-DOLLARS of the PHILADELPHIA MINT

Lot No.

939 1805 U. S. Quarter-Dollar counterstamped on both obverse and reverse for Costa Rica. Good to very good. Rare.

995 1863 Brilliant proof. Only 460 minted. ($10.00) While these brilliant proof coins have advanced considerably in the past few years, but in my humble opinion, they are still very, very cheap. SAN FRANCISCO MINT QUARTER-DOLLARS

1112 **1855 S.** First year of issue, and one of the rarest, especially in brilliant mint condition as is this beautiful specimen. Strictly uncirculated with full brilliant mint luster. It is truly remarkable that a coin of a branch mint, nearly 100 years old, should be found in this beautiful perfect condition. Catalogs $100.00. While the coin catalogs for $65.00, it brought $76.00 when it cataloged for only $50.00. Most of the bids were much above catalog price. 1182 **1932 D.** Brilliant uncirculated, full mint luster. A coin that has been advancing in value steadily. It catalogs for $30.00 and one in my last Sale brought $33.50. 1315 1920 Brilliant uncirculated. ($3.00)

1316 **1921** Perfect brilliant uncirculated specimen of this rare and much sought-after Dime. It has only been in the past several years that the true rarity of this coin was recognized. In 1940 this coin cataloged for $5.00, and while now it catalogs for $50.00, but a specimen in my last Sale brought $63.00 on a bid of $80.00. There were more than a dozen bidders willing to pay more than catalog for it. The coin here offered is certainly worthy of its highest record if not a new record, as it is certainly a gem coin.

1317 1923 Brilliant uncirculated. ($2.50)

1318 1924 Uncirculated, frosty mint surface. Catalogs $3.50, but it is much more scarce and worth much more.

NEW ORLEANS MINT DIMES

1327 1838 First year of issue. Mint letter O within wreath. Liberty seated, and no stars. Fine. Scarce. Last record, $6.30 for a similar specimen.

1328 1839 O. As last. Extremely fine. Sharply struck.

1329 1840 O. Just very good. Microscopic O.

1330 1841 O. Very fine. Catalogs $1.50 in only fine.

1331 1842 O. Fine to very fine. ($1.50)

1332 1843 O. Fine, strictly so. Quite rare. Catalogs $7.50 but a similar specimen in my last Sale brought $9.25.

1333 1849 O. Very small O, almost microscopic. Very fine with some luster. Scarce.

1334 1850 O. Practically uncirculated with mint luster; just the slightest evidence of having been handled with other coins. Very scarce. Last record, $11.50.

1335 1852 O and 1853 arrows, 1854, 1856. Fine to very fine. 4 pcs.

1336 1857 O. Uncirculated with semi-proof surface. ($2.50)

1338 1891 O. Perfect die. Uncirculated, full frosty mint surface. Scarce and in demand. ($5.00)

1339 1892 O. First year of the Barber type. Uncirculated, full frosty mint surface. Very scarce. Catalogs $9.00. Last record, $10.50.

1340 1893 O. No proofs were supposed to have been struck at any of the branch mints, but there isn't anything else I can call this coin but a brilliant proof. Apparently an early striking of the die. A similar specimen in my last Sale brought $12.25.

1341 **1894 O.** Brilliant uncirculated. A gem coin with semi-proof surface, and it is quite a rarity; far more so than its catalog listing would signify. A similar specimen, but not quite as choice as this one, in my Sale, brought $34.00 on a $40.00 bid.

Lot No.

1342 **1895 O.** Uncirculated, full mint luster. A real rarity. This coin has always brought more than its catalog listing. A similar specimen in my last Sale brought $115.00 when it cataloged for only $65.00. There were seven bidders who were willing to pay $100.00 and more for it, and even more were willing to pay its catalog listing of $65.00. It now catalogs $125.00 and certainly worth it.

1343 **1896 O.** Uncirculated with frosty mint surface. Another rarity with a bright future. Last record, $52.50.

1344 **1897 O.** Uncirculated, frosty mint surface. Another rarity. Last record, $42.00 on a $50.00 bid. There was another bid at $40.00 and several bids very close to it.

1345 **1898 O.** Uncirculated with full mint luster. While this coin catalogs for only $17.50, it is far under-rated. In my last Sale it brought $36.50. There were several bidders who were willing to pay more than $30.00 for it.

1346 **1899 O.** Uncirculated, frosty mint surface. Another rarity, constantly advancing in value. Last record, $20.50, and certainly worth it.

1347 **1900 O.** Uncirculated, mint luster. Rare, especially so choice. In much demand. A specimen in my last Sale brought $31.50.

1348 **1901 O.** Uncirculated, frosty mint surface. Quite rare. In my last Sale I stated that while the coin cataloged for $12.50, it was in my opinion worth at least double. It sold for $31.50.

1349 **1902 O.** Brilliant uncirculated. Rare and valuable and in great demand. Far under-rated as to its rarity and value. In very few collections. Such collections as "The World's Greatest", the Atwater, and Neil did not have a specimen anywhere near as choice. A similar specimen in my last Sale brought $42.00.

1350 1903 O. Uncirculated, full mint luster. Catalogs $7.50 and worth more.

1351 1905 O. (No Dimes minted at the New Orleans Mint in 1904.) Uncirculated, mint luster. Scarce. ($6.00)

1352 1906 O. Brilliant uncirculated. Record, $3.00.

1355 1909 O. Last year of issue. Uncirculated; slight cabinet friction. ($4.00)

1357 1859 S. About fine. Very scarce. Catalogs $10.00.

1359 1862 S. Fine. Scarce. ($6.00)

Lot No.

1360 1863 S. Very fine. Catalogs $5.00 in fine only.

1361 1864 S. Extremely fine, just a shade or two from uncirculated. Very scarce with a record of over $20.00 for uncirculated, and this coin is not far from that condition.

1362 1865 S. Fine, strictly so. ($5.00)

1363 1868 S. Fine. ($3.50)

1364 1869 S. Fine. ($2.00)

1366 1872 S. Extremely fine with frosty mint surface. Just a shade from uncirculated. Catalogs $22.50 in uncirculated.

1367 1873 S. Practically uncirculated with frosty mint surface. Quite rare so choice. Catalogs $20.00. A semi-proof in my last Sale brought $31.00. These branch mint Dimes in choice condition are really rare.

1368 1874 S. Strictly fine. Very scarce. Catalogs $7.50 in fine only.

1369 1875 S. Mint letter S below wreath. Uncirculated with frosty mint surface. Just the slightest cabinet friction.

1370 1875 S. Mint letter S within wreath. Uncirculated.

1371 1876 S. Uncirculated, mint luster. Catalogs $1.50.

1372 1877 S. Extremely fine, near uncirculated.

1373 1884 S. (No Dimes minted at this mint from 1878 to 1883 inclusive). Very good; some claims to fine. Very scarce even in this condition. Catalogs $5.00 in fine.

1374 **1885 S. Uncirculated,** mint luster. A beautiful specimen of one of our rarest Dimes. Catalogs $100.00. A specimen in my Atwater Sale brought $115.00. A similar specimen in my last Sale brought $77.50 on an $86.00 bid.

1375 1887 S. Brilliant uncirculated; the obverse is a semi-proof. Very scarce so choice.

1376 1888 S. Strictly fine.

1377 1889 S. Very fine. Catalogs $3.00 in only fine.

1378 1891 S. Last year of the Liberty seated type. Uncirculated, frosty mint surface. Last record, $3.40.

1379 1893 S. Uncirculated, frosty mint surface. Catalogs $10.00. A specimen not quite as choice brought $9.00 in my last Sale when it cataloged $8.50.

1380 1895 S. Uncirculated, frosty mint surface. Catalogs $25.00 and worth it.

1381 1896 S. **Brilliant proof.** The obverse is absolutely brilliant; the reverse is a semi-proof. Catalogs $40.00, but a specimen in my last Sale brought $37.50 on a $40.00 bid when it cataloged $30.00. This coin cost $50.00.

Lot No.

1382 1897 S. Uncirculated with full mint luster. Catalogs $15.00, but last record $14.50. Collectors who are contemplating completing their collection with uncirculated specimens of these rare Dimes would do well to do so as soon as they can. In my opinion all of these coins in choice condition are far more rare and valuable than their catalog listing would signify.

1383 1898 S. Very fine. Catalogs $3.50 in fine.

1384 1899 S. Uncirculated, frosty mint surface. Very scarce so choice. Catalogs $15.00 but has higher record.

1385 1900 S. Uncirculated. Very scarce. Catalogs $12.50.

1386 **1901 S.** Uncirculated, strictly so, with full frosty mint surface. Regardless of its catalog listing of only $50.00, it is, in my opinion, one of the rarest Dimes of the San Francisco Mint. In fact this coin brought more than double its catalog price in the past ten years or more. A specimen in my last Sale brought $87.50. And there were more bids for this Dime than for any other Dime of this mint. There were nearly a dozen bidders who were willing to pay more than $50.00 for it, and several above $75.00. If I had this coin in stock I would not hesitate to ask, (and I am sure I would get) not less than $100.00.

1387 1902 S. Uncirculated, frosty mint surface. Another underpriced coin. Catalogs $25.00. Last record, $21.00, when it cataloged only $15.00.

1388 1903 S. Brilliant semi-proof, nearly equal to a proof. Now catalogs $20.00. Last record, $23.50 when it cataloged $12.50. In fact, this is the Jerome Kern specimen purchased by Mr. Rapoport.

1389 1904 S. Uncirculated, frosty mint surface. Very scarce so choice. Last record slightly above catalog.

1390 1905 S. Uncirculated, mint luster. ($5.00)

1391 1906 S. Uncirculated, frosty mint surface. Shows slight cabinet friction. ($5.00)

1392 1907 S. Uncirculated, mint luster. ($5.00)

1393 1908 S. Uncirculated. Catalogs $5.00.

1394 1909 S. Uncirculated with full mint luster. Last record over $5.00.

1395 1910 S. Uncirculated frosty mint surface. Catalogs $5.00.

1396 1911 S. Bright uncirculated. Catalogs $5.00.

1397 1912 S. Brilliant uncirculated; a semi-proof. A similar specimen in my Neil Sale brought $16.25.

1398 **1913 S.** Just about uncirculated; in fact I doubt if this coin was ever in circulation, as it has most of its original mint luster. Originally purchased as uncirculated. As stated in my previous catalog, I consider this coin a "sleeper", as is evidenced by the fact that a similar coin in my last Sale brought $62.50. Very rare and valuable.

1399 1914 S. Uncirculated with full brilliant mint luster. ($10.00)

Lot No.

1400 1915 S. Uncirculated with full mint luster. Very scarce. Has record exceeding its catalog listing of $7.50.

1401 1916 S. Uncirculated with slight cabinet friction. Last year of the Barber type Dime. ($2.50)

1402 1916 S. Mercury type. Brilliant uncirculated. ($2.00)

1403 1917 S. Uncirculated, frosty mint surface, not brilliant.

1404 1918 S. Brilliant uncirculated. Very scarce. Last record, $7.50.

1405 1919 S. Uncirculated, full mint luster. Very scarce and in much demand. Catalogs $12.50.

1406 1920 S. Uncirculated, mint luster. Very scarce. Last record, $6.00.

1407 1923 S. (None minted in 1921 and 1922.) Not a gem; just extremely fine, just a shade from uncirculated, but very scarce and in much demand. Catalogs $12.50 in uncirculated.

1408 1924 S. Uncirculated, brilliant. Very scarce so choice. Catalogs $10.00.

1409 1925 S. Uncirculated but has been handled with other coins. However, a desirable specimen. Catalogs $6.50.

1410 1926 S. Uncirculated with full mint luster. Very scarce and in demand. Catalogs $17.50 but always brought more than catalog price.

1411 1927 S. Brilliant uncirculated. Catalogs $15.00.

1412 1928 S. Brilliant uncirculated. Catalogs $7.50.

1413 1929 S. Brilliant uncirculated. Catalogs $2.50.

1414 1930 S. Uncirculated, full mint luster. Very scarce so choice. Catalogs $5.00.

1415 1931 S. Brilliant uncirculated. Catalogs $3.00.

1416 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949. All S Mint. The last four are, of course, with portrait of President Roosevelt. All brilliant uncirculated. 15 pcs.

1425 1916 D. Mercury. First and rarest date of this type Dime of the Denver Mint. Strictly very good; can be classed as fine for this coin. Very scarce. Of course, this is not an uncirculated specimen, one of which brought $97.50 in my last Sale, but it is a coin worthy of a home in any collection where a $100.00 is not feasible. Catalogs $25.00 in very fine.

Lot No.

1426 1917 D. Uncirculated. Here is a coin which will bear watching. It has always brought more than catalog listing. When it cataloged for $6.00 it brought $12.60 in my Sale of the Neil Collection. Now catalogs $10.00.

1427 1918 D. Uncirculated with full mint luster. Another very scarce branch mint dime. In much demand. Catalogs $10.00.

UNITED STATES FIVE-CENTS SILVER and HALF-DIMES

The Rare and Historically Interesting Martha Washington Half Disme

1445 1792 Half Disme. First coin minted at the newly established mint in Philadelphia. The silver for this coin was furnished by George and Martha Washington from their private silver plate. Obverse, head of Liberty supposed to be that of Martha Washington. Date, below, all within circle of legend, LIB. (erty) PAR. (ent) OF SCIENCE & INDUSTRY. Reverse, flying eagle to left; HALF DISME in two lines below. UNITED STATES OF AMERICA. Very fine; well struck and free from any nicks or dents. A most acceptable specimen of this most interesting coin. Rare. Catalogs $100.00 in only fine. Has a much higher auction record.

Lot No.

1446 1794 First year of the regular issue Five-Cent silver. Variety with star on left touching curl. Very light die flake across obverse, hardly noticeable, and does not affect the appearance or value of the coin. Strictly very fine to extremely fine with some mint luster; bold impression. Catalogs $50.00 in very fine.

1447 1795 Same type as 1794. Variety with only one point of curl touching star on left. Uncirculated with frosty mint surface. Very scarce so choice. High auction record.

1448 1795 Variety with die break on obverse connecting TY and first star. Wide date. Very good to fine. Scarce.

1449 1796 Practically uncirculated with considerable mint luster. Usual light die breaks or suction marks on obverse. An unusually choice specimen of this rare coin. Catalogs $60.00 and a specimen in my last Sale brought $52.50 when it cataloged $50.00.

1450 1797 Thirteen stars on obverse. The rarest variety of this date. And what is more important, a practically uncirculated specimen with mint luster. Just the slightest evidence of cabinet friction. Rare and valuable. Catalogs $50.00 in very fine. This, of course, is far superior and worth much more.

1451 1797 Variety with fifteen stars. Very good. Catalogs $20.00 in fine.

1452 1797 Sixteen stars. Just a shade from uncirculated. Peculiar die break on obverse. The coin shows very little if any cabinet friction. The upper portion of right branch is weakly struck and this weakness extends to the eagle's head. But it is a beautiful specimen of this very scarce coin. Catalogs $35.00.

1453 1800 (No 5c silver pieces minted in 1798 and 1799). Variety with LIBERTY. Strictly fine to very fine. Seldom found better or even equal. Catalogs $22.50.

The Exceedingly Rare 1802 Half-Dime

1802 Five-Cent Silver. This coin and the 1804 Dollar have always been the best known rarities of the United States series. This identical specimen is now being handled by me for the third time. Originally it came to me from the famous Waldo Newcomer Collection of Baltimore in 1933. It was sold to Mr. Locker of Pittsburgh. Later Dr Allenburger of Columbus, Nebraska, acquired this rarity, and in 1948 I had the pleasure of disposing of Dr. Allenburger's collection and this coin was purchased by Mr. Rapoport at what I consider a bargain, only $325.00. As described in the Allenburger Sale, it has a fine obverse with very good reverse. There are not more than two or three specimens of this rarity in superior condition. The specimen in my Atwater Sale, which was superior, brought $840.00 on a $1,000.00 bid. This coin catalogs at $300.00 in good, and $500.00 in fine. It is certainly worthy of a home in any collection.

Lot No.

UNITED STATES PATTERN COINS

From the Introduction as published in Adams-Woodin Standard Work on the Pattern Coins:

"Pattern pieces, * * represent one of the most interesting sections of the many subdivisions into which the coinage of the United States was divided. They embrace the many metallic attempts of the designers of the mint to produce a coin containing the new suggestion in the way of a device, a motto, or a plan of coinage, and through a study of these various pieces one may trace the development of many of the familiar coin designs which long have been circulated throughout the country. * * They excite the warmest interests on the part of some collectors, and the possessor * * of patterns may be said to own a metallic history of the United States coinage".

The A-W numbers refer to the excellent work on the subject by Edgar H. Adams and William H. Woodin, published in 1913. I have a few reprints at $3.50 each.

1729 **Pattern Cents.** 1854 Type of large cent, but trifle smaller. Liberty head and date but no stars. Reverse, same type as large cent. Bronze. A-W 187. Uncirculated with semi-proof olive surface. Very scarce. Old record of about $8.00.

1730 Cent 1855 Large flying eagle. Thirteen stars. Reverse, type of regular issue. Copper. A-W 197. Uncirculated, dark olive surface. Very scarce and interesting. More rare than the 1856 flying eagle cent.

1731 Cent, 1858. Small cent with Indian head. Reverse, type of regular issue. Proof, not in full brilliancy. Copper-nickel. A-W 270. Only about 75 minted. Far more rare than the 1856 flying eagle. High auction record.

1732 Cent, 1859. Copper-nickel. Type of regular issue as adopted in 1860. Oak wreath and shield. Uncirculated with semi-proof surface. Only about 100 minted. Old record of $6.00.

1733 Cent, 1868. Type of nickel 3¢ piece, but smaller. A-W 700. Brilliant proof. Has an old high record. Classed by A-W as Rarity 12, indicating that only about eight pieces were struck. I hardly think that is correct. The coin is not that rare, but it is very scarce.

1734 **Pattern Two-Cents.** 1836 The first piece of this denomination to be made at the mint. (Regular issue of 2¢ pieces was not minted until 1864). Eagle in center, date below; legend. Reverse TWO CENTS in wreath. Copper-nickel, but more copper. Milled edge. Only about 20 minted. A-W 57. Extremely fine, practically uncirculated. Very scarce.

U. S. TEN-DOLLAR GOLD PIECES

Philadelphia Mint

Catalogs $150.00 in only very fine, and has an auction record up to $300.00.

A SMALL but VALUABLE CONSIGNMENT of

UNITED STATES and PIONEER GOLD COINS

The Property of MR. ALFRED WALTER of NEW YORK CITY and SAN FRANCISCO

The First U. S. $5.00 and $10.00 Gold Pieces

Lot No.

2141 **1795 $5.00.** First year and first type of our Half-Eagle. Draped bust of Liberty with Liberty cap, facing right; fifteen stars—five stars to right and ten stars to left of bust. Reverse, small eagle standing upon a palm branch with laurel wreath in beak; UNITED STATES OF AMERICA. Beautiful just about uncirculated specimen with brilliant mint luster. Just the very slightest touch of cabinet friction on the highest portions. Record near $200.00.

Lot No. 2142

The Extremely Rare 1795 $5.00 Gold with LARGE Eagle 1795 $5.00. The second type of our first issue of Half-Eagles. The obverse is the same type as last, but of an entirely different die; the reverse is with heraldic or large displayed-type eagle, with shield on breast and scroll in beak. Sixteen stars below clouds which extend from wing to wing. Legend. Beautiful uncirculated specimen with proof surface, almost equal to a proof. A very tiny, hardly noticeable, die depression on the upper left reverse edge, not affecting the beauty or value of this rarity. Truly a gem of a truly rare coin. This is from the Bell Sale held in New York in 1944, Lot No. 310, which then realized $595.00.

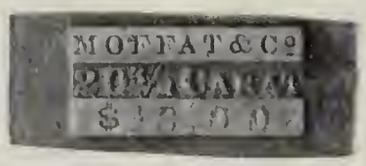
Lot No.

2143 **1795 $10.00 Gold.** Our first Ten-Dollar Gold Piece. It is of the same type as the Half-Eagle or $5.00 gold piece; draped bust of Liberty; five stars to right and ten stars to left; reverse, small eagle with spread wings, standing on olive branch, holding a wreath in beak. Legend, UNITED STATES OF AMERICA. The size is almost as large as our $20.00 gold pieces but, of course, much thinner. Strictly very fine. Rare and in much demand. Very light nick on obverse edge, hardly noticeable. Catalogs $125.00, but has higher record.

The Extremely Rare NORTH CAROLINA $5.00 GOLD

2144 **$5.00** North Carolina. C. BECHTLER, ASSAYER. Within this circle of inscription, another in smaller letters, RUTHERFORD COUNTY. The center, blank. Reverse, legend, NORTH CAROLINA GOLD within which is a fairly large figure 5 and the word DOLLARS in smaller letters, below which, 20 CARATS and below that, 150 G. Very fine. Extremely rare. As long ago as 1909, forty-two years ago, a specimen in one of my Sales brought $675.00. This identical coin is from the J. F. Bell Sale held in New York in December, 1944, Lot No. 1013, where Mr. Walter purchased it at $500.00. The coin is now currently priced at $1,000.00 for a somewhat better specimen. This is one of the very rarest of all Carolina or Bechtler gold coins. Seldom offered.

A FEW EXTREMELY RARE PIONEER GOLD COINS MINTED in CALIFORNIA



The Rare and Historically Interesting Moffat Sixteen-Dollar Gold Coin

Lot No.

2145 **$16.00** (1849) Not dated, but minted in 1849 by Moffat & Co. in San Francisco. It is the first coin minted from gold discovered in California. A gold Ingot or Bar inscribed MOFFAT & Co. 20¾ CARATS. 16 DOLLARS in three lines. The reverse is blank. Due to its odd denomination and shape, it is one of the most interesting of all pioneer gold coins. Extremely fine. Extremely rare and valuable. This identical specimen is also from the Bell Sale, Lot No. 1023, at $1,275.00. It has a higher auction record, and also a lower record, but as mentioned before, it is one of the most sought-after of the pioneer gold coins. It now catalogs $1,200.00 in very fine.

2146 1849 **$10.00** MOFFAT & Co. on diadem of Liberty head. Reverse, type of regular issue of U. S. gold with the exception of the legend which reads S. M. V. (Standard Mint Value) CALIFORNIA GOLD TEN DOL. Extremely fine, only slightest evidence of circulation. This coin is really very rare so choice. From the Bell Collection at $165.00. The coin now catalogs for $100.00 in very fine. This coin is much better than very fine and is, of course, far more rare than a specimen in ordinary state of preservation.

The Rare Wass Molitor & Co. Five-Dollar Gold

Lot No.

2147 1852 **$5.00** Fairly large head of Liberty with W. M. & CO. on coronet. Thirteen stars; date below head. Reverse, IN CALIFORNIA GOLD. FIVE DOLLARS. This is the most perfect specimen of this scarce coin that has passed through my hands in many years; it is probably one of the finest known. It is uncirculated with considerable mint luster. This coin is rare in any condition and seldom found better than good or very good. From the Bell Sale, Lot 1034, at $230.00.

The Extremely Rare DUNBAR & CO. $5.00 Gold

2148 1851 **$5.00** Liberty head as on the regular U. S. Half-Eagle, but with DUNBAR & Co. on diadem; thirteen stars; date below head. Reverse, usual eagle with shield on breast; olive branch in right talon and three arrows in left; FIVE D. below. Legend, S. M. V. (Standard Mint Value) CALIFORNIA GOLD. Milled edge. Extremely fine with considerable mint luster. Excessively rare. One of the rarest of pioneer gold coins. From the Bell Sale, Lot No. 1050, at $1,500.00. The Newcomer specimen, and later in the Williams' Collection, is described with "several scratches. About fine". The specimen here offered, to the best of my knowledge, is by far the finest known. Up to 1909 there was only one specimen known to exist. Since then two or three others were discovered. I doubt if more than three or four are known to exist. Not in the U. S. Mint Collection.

The EXCEEDINGLY RARE and Probably the ONLY KNOWN SPECIMEN of the DUBOSQ & COMPANY FIVE-DOLLAR GOLD PIECE

Lot No.

2149 **1850 $5.00 Dubosq & Co.** Liberty head to left, diadem inscribed DUBOSQ & Co., thirteen stars, date below head. Reverse, eagle with shield on breast; olive branch in right talon and three arrows in left. Value below, FIVE D. Legend, S. M. V. (for Standard Mint Value) CALIFORNIA GOLD. Milled edge. I consider this coin as rare, if not more so, than **any** pioneer gold coin! About fine.

This particular coin has a very interesting history. I discovered this coin in a small town in California in the Sierra Nevada mountains in 1944. The gentleman I purchased it from in response to my request for information as to where he obtained the coin, informed me that he had lived all his life in this town and still operated a small hotel and bar, originally founded by his father many years ago. He always remembered this coin being in his father's possession and he felt sure that the coin was passed across the bar in payment for "refreshments". When I secured the coin it was holed at top. I had it skillfully repaired and sold it to Mr. J. F. Bell of Chicago in June of 1944. When his collection was sold in December of the same year, this coin was cataloged as Lot No. 1048. Apparently, the repair job was so skillfully done that the catalogers did not observe that the coin had been repaired as no mention was made of it in the catalog. Mr. Walter purchased the coin for $1,450.00. Regardless of its having been restored to almost perfection, I consider the price paid a very reasonable one.

It is interesting to note that the only record of a specimen being in existence is mentioned in Adams' book on Pioneer Gold, published in 1909, where he states that a specimen was sold in the Curtis Sale in 1884, sixty-seven years ago, but that the whereabouts of the coin was then (1909) not known. The $5.00 Dubosq here offered is the only other specimen discovered and offered. The great rarity of this coin can be well imagined when we realize that the greatest collections of pioneer gold formed in the world, since the coinage of these interesting pieces, not a single specimen was owned by such great collectors as DeWitt Smith of Lee, Mass.; H. O. Granberg of Wisconsin; C. W. Cowell and H. O. Mann of Denver; and in later years, the great Newcomer Collection, and now the recently offered great Williams Collection did not possess

a specimen. Even the great Colonel Green Collection and the Brand Collection of Chicago, which were valued at millions of dollars each, did not have a specimen nor did they ever have an opportunity of procuring one.

With all of the above historical facts, I feel that I am justified in my earlier statement, to the effect that there is not another pioneer gold coin exceeding the Dubosq $5.00 gold piece in rarity.

There are three or four $10.00 gold pieces known of the Dubosq issue. I discovered a specimen some twenty-five years ago which sold for $4,000.00. I note that a specimen in the Williams Collection, in very good condition, is now offered at $2,500.00. The $5.00 gold piece of this issue is far more rare, and in my humble opinion, should bring a correspondingly higher price.

NOTE: The following items, particularly the gold medals, comprise some of the most beautiful and rarest items of their kind ever offered in America. I feel confident that the successful bidders will find each and every item accurately described both as to variety and condition, and just a word about the estimates or values given here.

While they are only estimates, each and every item will be sold for whatever they may bring, but the estimates are very, very conservative. In my humble opinion the items are worth considerably more than the estimates given.

The dates given in parentheses indicate the years the particular Sovereigns reigned. The dates without parentheses indicat the actual date on the coin or medal.

The sizes given (mm) are in millimeters. The weights are given in both grams and grains.

I feel honored in having His Majesty consign these beautiful and rare numismatic items to me. This is the fourth consignment I have had the honor to handle for him.

Magnificent portrait bust of the Czar with date of his birth in field at left, and date of his coronation at right. Stadnitsky. It is in perfect proof condition, struck in high relief. No word or photographic picture can give a true impression of the beauty of this huge medal. 2158 **Sweden,** Gustavus Adolphus (1611-1632). The exceedingly rare gold pendant. Laureated bust in high relief, in armor, and with wide lace collar. Reverse, inscription in German in fifteen lines. Loop at top has been removed and has a tiny pin hole at bottom. The inscription on reverse gives the date of his birth, and the date of the Victory at Lutzen, November 9, 1632, when he met his death. Very fine and of highest rarity. Although we are unable to find any record or much information of this unusual 300-year-old and historical numismatic item, I know that it is of excessive rarity and of tremendous interest. Not even in the Erbstein Collection of exclusively Swedish coins, sold in 1909. While I will not make the statement that this is a unique item, but it is certainly of the greatest rarity. It is difficult to place a valuation on an item of this kind, but a conservative estimate is at least $150.00.

2159 **Nassau-Orange,** William IV. (Carl Henry Friso, 1747-1750), Ducat, dated 1748. Struck to commemorate the fifth birthday of Princess Caroline, wife of Charles Christian of Nassau-Weilburg. 2162 **Oliver Cromwell** (1649-1660). The exceedingly rare gold medal dated 1653, executed by Cromwell's order to commemorate his elevation to the Protectorate. Fine portrait bust of Cromwell facing left, in plain falling collar, decorated armor and scarf. Legend. Below bust, THO: SIMON F., name of the engraver. This is the famous engraver of the equally famous "Petition Crown." Reverse, lion supporting shield of the Protectorate; on an escutcheon of pretense the paternal coat of Cromwell. Legend, PAX. Q. VAERITVER BELLO (Peace is sought by war). 38 mm. with loop and ring attached. The die of the reverse was, after short use, broken. This accounts for the rarity of the struck medal. Extremely fine; showing but the slightest touch of cabinet friction and still has considerable original mint luster. Exceedingly rare. I believe that this is the first time a specimen of this historical and exceedingly rare medal has been offered in America.

In the great Montague Sale, held in London in 1895, fifty-six years ago, a specimen brought £70. At that time the Pound was worth approximately $4.87, or $340.00. Then nine years later another specimen of this great medal was offered in the Murdoch Sale, and it brought £79, or approximately $384.00. Comparing the medal in this Sale with the illustrations in the Murdoch and Montague Sales I can unhesitatingly say that the specimen here offered appears to be in superior state of preservation.

2163 **Charles II.** (1649-1685). Gold medal dated 1661, designed by Thomas Simon and struck to commemorate the coronation of Charles II. Not even in the great Murdoch and Montague Sales. Conservative estimate of its value at $100.00.

2168 **Anne.** (1702-1714) Gold medal dated 1702, commemorating her coronation. Fine portrait bust to left, lovelock on right shoulder. Reverse, Queen Anne as Pallas hurls thunder against a double-headed and four-armed monster holding clubs and stones, and whose lower limbs terminate in snakes. Med. III. II, P. 228, 4. 35 mm. Weight 280 grains. Extremely fine, practically uncirculated with mint luster. Rare. ($80.00)

2169 **Queen Anne.** Same type as last, but struck on a thicker planchet. Same size, 35 mm., but weighs 426 grains. Brilliant proof. Slightest touch of cabinet friction on reverse. A beautiful and rare medal. Conservatively estimated value of $100.00.

2186 Napoleon I., 1805. Gold medal commemorating the coronation at Milan. Designed and executed by Manfredini. Head of Napoleon with Iron Crown facing left, NAPOLEONE RE D'ITALIA. Reverse, five shields of the provinces rendering homage to Napoleon. Bramsen 421; Tresor 7,8. 42 mm. Weight, 970 grains. Extremely fine with considerable mint luster. The surface shows slight evidence of cabinet friction. Exceedingly rare. One of the very rarest of all Napoleonic medals. It is difficult to estimate the value of a numismatic item of this kind. If I had the medal in stock I would consider a price of $250.00 as reasonable, although it was estimated to bring somewhat less.

2187 Napoleon I., 1810. Gold medal commemorating the marriage of Napoleon and Maria Luisa in Paris. (By Andrieu and Brenet). Conjoined busts to right. Reverse, couple in front of altar. Bramsen 954; Tresor 39,4. 32 mm. Weight, 450 grains. Two light bruises on edge, otherwise very fine. ($60.00)

2191 **Charles X.** (1824-1830). Very large gold medal dated 1825, by Gatteaux, commemorating his coronation. Obverse, exquisitely executed portrait bust of King in ornate royal robes, crowned. Reverse, King kneeling before Pope, surrounded by dignitaries and receiving the Pontifical blessing. Edge engraved LE ROI A SIDI MAHMOUD ENVOYE DU BEY DE TUNIS. Size 67 mm. Weight, 9 ounces, 13 pwt. or 4,632 grains. Superb specimen of this magnificent and masterfully executed die work. In perfect mint condition. No photograph nor printed description can truly convey the beauty of this magnificent example of numismatic art. Apparently, this was one of the medals presented at the coronation to the envoy of Tunis. Conservatively estimated value of $750.00. But I have seen medals not nearly so beautiful and not nearly as rare priced at much more. In fact such a magnificent medal is almost priceless.

As with all these beautiful medals, it is difficult to adequately describe them or illustrate their actual beauty by photograph. Of course it is of extreme rarity, and I dare say that $750.00 to $1,000.00 would be a conservative estimate of the value of this magnificent gem.

RARE and BEAUTIFUL ORDERS and DECORATIONS

Lot No. 2205

The Exceedingly Rare and Exquisite—

The MOST EXALTED ORDER of the STAR OF INDIA!

Great Britain. THE MOST EXALTED ORDER OF THE STAR OF INDIA. This magnificent Order consists first, of a chain or collar composed of seven roses, full blown, similar to the rose which appears on the Rose Nobles. Gold with white, red and gold enamel, and eight white, green and gold enameled flowers, the lotus flower of India. Between each rose and flower there are palms with bowknots in white and green enamel, all mounted on a double gold chain. At the base, a magnificently executed crown in gold and enamel with genuine pearls. Original sky-blue and white sash and rosette. The breast-star is gold with a five-pointed silver star in center, and the Garter inscribed HEAVEN'S LIGHT OUR GUIDE. The badge is in silver the center of which is ivory or porcelain miniature of bust of Queen Victoria crowned. Then there is another badge to go with this great Order consisting of a rare and magnificently executed cameo of Queen Victoria, white on coral, the cameo mounted in a beautiful gold ornate frame.

This Order was founded by Queen Victoria on February 23rd, 1861, to commemorate the assumption by the Crown of the Government of India. It was presented to Indian Princes and to high British officials in India, principally the Viceroys. Since the independence of India, the Order has been discontinued in 1950. These Orders were supposed to have been returned to the government on the death of the recipient.

This particular set is apparently one of the early issues, as the case in which it is housed seems to be rather old, although the entire Order, badge, sash, collar, etc., are in beautiful perfect condition. Of excessive rarity, and as far as I have been able to learn, the first one ever to have been offered for sale, certainly in the United States. It is simply impossible to adequately describe the beauty of this item. It is the most beautiful and thrilling numismatic item that has ever passed through my hands in my more than fifty years in this profession. I am informed by English authorities that this Order was made by the usual Court Jewelers at a cost of 750 Pounds (at the time when the Pound was valued at about $4.87). As my English informant tells me, it would cost far more today. The case is oval, plush and satin; measures 19 x 27½ inches. The outside of the case, especially the edges, shows considerable wear as does the inside, but as mentioned before, the Order is in perfect condition.

Lot No. 2206

BRAZIL. ORDER OF THE ROSE

Brazil. Order of the Rose. Grand Cross set. Chain collar with badge; breast star; sash and badge. Gold and enamel in perfect condition. The chain collar, gold and enamel with glazed percoline roses. The roses are mounted on crossed leaves green and gold enamel. There are seventeen roses and seventeen shield-like gold ornaments with magnificently executed monogram on each. The badge is surmounted by a beautiful cross in full form. The bowknot in pink enamel, the color of the roses. This beautiful and rare Order cannot be adequately described. It is in an original plush and velvet case. The case measures 8½ x 29½ inches. The cover bears gold letters P. FF. crowned.

This Order was founded by Don Pedro on the 17th of October, 1829, the day of his marriage to Princess Amalie Eugenie Napoleone of Leuchtenberg and Eichstadt, the daughter of Prince Eugenie, Duc de Leuchtenberg. It was given both for civil and military merit. The Order, of which the Emperor was Grandmaster, had eight real and eight Honorary Knights of the Grand Cross, sixteen Grand Dignitaries, thirty Dignitaries, and unlimited number of Commanders, Officers, Knights. This Order was never profusely given, therefore, it is of the greatest rarity. Conservatively estimated value, $300.00.

Lot No. 2207

ORDER of the HOUSE of ERNESTINE of the SAXE-DUCHIES

There are two sizes of the crowned cross with lions in angles. The badges are gold and enamel. The chain-collar is gold wash with enamel. In plush and satin case. In practically perfect condition. The sash is also perfect. Valued conservatively at $150.00.

This Order was restored conjointly in 1833 by the Duke Frederick, Ernest and Freund of the Saxe-Duchies in remembrance of the line of Saxe-Coburg-Altenberg, which became extinct in 1825. The Order was originally awarded for distinguished services of high State functionaries in 1690 under the name Order of German Integrity.

This Order was founded by Duke Paul Frederick on November 27th, 1838, in memory of his father.

Lot No. 2209

ITALY: ORDER OF THE ANNUNZIATO

The Order of the Annunciation. This Great Order was founded in 1410 at Rippeille by Count Amadeus VI. of Savoy. It was founded in commemoration of an act of gallantry and with a sentiment of piety. It was only conferred on the high and ancient nobility. It was never worn with any other Decoration. Charles III. of Savoy gave the Order new Statutes on September 11, 1518, and named it Order of the Holy Annunciation.

The Order has but one class. The Decoration is a gold medal on which is represented the Annunciation. Surrounded by love-knots. The center of the breast star represents the Annunciation. Bordering the center medallion is a gold rope tied in four love-knots; at the four corners of the medallion with four roses in the middle of each side of the medallion. Outside of this, on the four sides, are the letters F. E. R. T. (Fortitudo Ejus Rhodum Tenuit—Rhodes was kept by his bravery).

When the House of Savoy became the ruling family of Italy the Order of the Annunciation became the highest Decoration of the Kingdom of Italy. It has always been ranked in esteem along with the Golden Fleece of Austria, the Golden Fleece of Spain, the Order of the Garter of Great Britain, and the Order of the Elephant of Denmark. This is one of the finest and rarest of all European Orders. Of course, it is all in solid gold. The case in which this Order is housed is not in perfect condition. It seems to have seen much usage. This Order was apparently the property of some Royal personage. The case is stamped in gold with the letters V. E. and royal crown above. Conservatively estimated value, $350.00. In actual rarity, worth at least double and more.

GOLD PATTERN COINS of MONACO

2675 1945 Five Francs. Louis II. Head to left. Legend. Reverse, arms, value and date. Plain edge. Weight, 364 grains. Brilliant proof. 2677 1947 Twenty Francs. Same type as last. (See reproduction above.) Milled edge. Weight, 292 grains. Beautiful brilliant proof. The above three coins all came in a special case and I think they should all go together. The case, of course, will be sent to the purchaser of the three coins and bids will be entertained for the three lots as a whole. In other words, Lot Nos. 2675, 2676 and 2677. If the bid for the lot exceeds the bids received separately, I reserve the right to sell the three lots as a set.

2680 1947 Twenty Francs. Same design as Lot No. 2677, but also double thickness and plain edge. Weight, 582 grains. Perfect brilliant proof. The above three lots also came in a special box and bids will be entertained for the three as a lot.

2682 One Franc. Same type as last, without date. Plain edge. Weight, 123 grains. Brilliant proof. The above two coins came in a beautiful black and purple and bids will be entertained for the two coins as a set.

2683 One and Two Francs. Duplicates of the above two lots, but struck in base metal and gold plated. Proofs. In original case, the outside of which shows usage. Sold as a lot.

2684 1945 Five, Ten and Twenty Francs. Designs as last, but struck in silver. The Five Franc piece is plain edge, the others milled edge. Brilliant proofs. In original red case. The case shows slight usage. A beautiful and undoubtedly rare set. Sold as a set.

FOOD FOR THOUGHT

The fifteen most important Sales conducted by me in recent years realized a total of $1,183,116.00—over a Million Dollars!—an average of more than $78,000.00 per each Sale!

Of course, this day and time, with government budgets running into the billions, this may not sound so very much, but I assure you it is a great deal of money. And together with retail and direct sales, my total sales ran to more than treble the amount of my Auction Sales.

And speaking of governments, with all our faults, we are still so fortunate in living in and being a part of the greatest and best country in the world. Our blessings far outnumber our troubles. One of the blessings I notice is that buyers of coins in Sales in this country are not obliged to pay a 10% or 12½% commission, as they do in other countries.

Also, in this country I find that coins have always proved not only a source of pleasure, but also a good investment if judiciously purchased from reliable sources. And the greater majority of numismatic dealers are reliable.

The moral of the above is simply to tell you that whenever you wish to buy or SELL, I shall be happy to place at your service my lifelong proven successful experience and financial responsibility to guarantee you against loss of ANY kind.

May I hear from you?

Dear Friend:-

I don't issue too many Sale Catalogs during the year. But, brother, when I do send you a Catalog I am sure you will admit that it is a worth-while one!

Now just such a worth-while Catalog was dispatched to you by me a couple of days ago. The darn thing cost me better than $3.00 plus postage and overhead expenses.

Naturally, I am anxious to know if it reaches you safely. When you receive the Catalog won't you please write and tell me. And, of course, I will appreciate even more your "being present" at the Sale.

I'll not take up your time here to tell you what is in this fine Sale; the Catalog speaks for itself. But I will and do tell you that your bids will be appreciated and executed by me as faithfully as if you had yourself been present at the Sale. The courtesy of a prompt response from you will be greatly appreciated.

With kind regards, I am

My dear Sir:-

My Sale of June 12th was another fine success. I was a little dubious about the Orders and Decorations, as I have never handled such a collection before, but apparently fine cataloging and intelligent service brings results.

Regret, however, that I was unable to purchase anything for you, as all your bids fell short.

I thank you just the same and hope for better luck next time.
